

Hi,

I am hoping that (name of company) will help us promote the joys and needs of pet fostering by donating 500 buttons.

Each year, thousands of animals are abandoned at the SPCA. Many of these animals are friendly but are either too young, sick, injured, unattractive, under socialized or emotionally stressed to survive in the shelter environment.

To save a maximum of lives, we are looking for foster parents to provide a safe and loving environment for these cats, dogs, rabbits and other friendly animals until they are adopted.

From August 5th to the 12th will be the SPCA's official Pet Fostering Week. During that week, we would like all our foster parents to wear a button, "I'm a pet foster parent...Ask me a question!" to help us recruit more foster homes. It is known that pet foster parents are effective recruiters because they share information about the need for foster parents through word-of-mouth and can promote the idea of fostering just by their presence in the community. This is the button that we would like to have (3" round):

[http://www.petfoster.org/SPCA/SPCA\\_button.pdf](http://www.petfoster.org/SPCA/SPCA_button.pdf)

The SPCA is a non-profit organization that receives no financial aid from the provincial or federal governments. You can give us a receipt with the amount of donation with the mention « Not Charged ». In exchange we will give you a tax receipt.

Please expect my follow-up phone call on Friday June 29. Your help is greatly appreciated.

Regards,

Barbara Lapointe
